MEDIOCRITY'S SOLACE.

There ain't any laurels a-waitin' for him!
He'll never be famous for wealth,
But his smile's always bright an' his eyes never dim,
He's the picture of comfort and health,
He's honest an' cautious an' counted the cost,
He kept his ambition well trained,
He'd never waded into a scheme an' got lost,
He could always come in when it rained.

Tain't mostly the fellow who struggles to seize
The colors that glow in the sky
Who one day finds comfort an' lives at his ease,
He's apt to get lost by an' by;
When glory's passed 'round an' when eloquence flows,
I won't feel no envious pangs;
I'm content to be hailed as the party who knows
Enough to come in when it rains.

The Lizzie Bay goes to Pomeroy tonight.

The Virginia will be down tonight from Pittsburgh.

The upper end of the Ohio river is the lower end just at present.

There was sufficient water at headwaters yesterday to permit the excursions boats to do a big business.

The rate war has begun between Cincinnati and Louisville. The City of Pittsburgh cut the price just a little, and the Mail Line was compelled to meet it and "go it one better."

The wickets at Davis Island Dam are all in position, as are also the needles, and the harbor at Pittsburgh is now busy with towboats making up their tows.

Another effort is to be made by Pilots to have the Government establish beacon lights along the Monongahela river. The Pilots assert that this stream does more business than all other Western and Southern tributaries combined, and is the only stream in which there is no system of lighting.

A cut of 33 1/2 per cent. has been made in the wages of the officers and crew of the White Collar Line steamer, the Courier. This boat has been running in opposition to the Edgington line, and, according to report, has not been making money. The cut in wages is made so that the fight against the Edgington line can be continued. The wages paid were \$75 a month to Master and Pilots, \$50 to Chief Clerk and \$40 to Steward, and these wages were paid for running time only.

For two weeks the up-river steamboat men have been living in hopes that rain would fall and cause a rise in the upper river, but the rains came not in sufficient quantities, and all the big boats are quitting as they arrive at Cincinnati. The Queen City made a remarkable run this trip, going as far as the foot of the Trap, twelve miles below Pittsburgh, and returning on good time. The City of Pittsburgh returned from Wheeling and went to Louisville, and upon her arrival at Cincinnati Saturday morning went to the bank temporarily. The Queen City also laid up there after discharging the freight which she brought down the river. The Virginia will not attempt to go above Wheeling this trip, on account of the upper river being drained by the raising of the Davis Island Dam. The suspension of navigation at this time is little less than a calamity to the steamboat owners. Freight business has been good and passengers have just begun to come to the river in large numbers. The suspension is expected to be of only short duration, however, as the river never gets permanently low this early in the season. A few good rains will swell the river and start all the boats out again. In the meantime, the Edgington Line is running regularly to Portsmouth.

\$100—Revised—\$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for full testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

The remains of Mrs. Ross Gaitrell, who died of consumption Friday last at her home at Dexter, were interred at Shannon.

BLEW THE SAFE!

Bold, Bad Burglars Visit the Standard Oil Company's Office.

About half-past 1 o'clock Saturday morning several residents of Plughtown and vicinity heard an unusual report, but no serious thought was given the matter at the time.

About half past 7 Mr. Earl Corwine, Agent of the Standard Oil Company, was entering the office in the West End, when he found the way pretty thoroughly blocked by the remnants of the safe.

The door was hardly fit for junk, while papers, pieces of furniture, concrete, mud, &c., were scattered over the floor and spattered over the walls.

The artists who did the job used a railway coupling-pin and car-link to knock off the handle and knob of the safe, and through the openings it is thought they had inserted the explosive.

The visitors secured \$138.89 in cash, some of which was Mr. Corwine's own money, and on leaving they left two windows and a couple of doors open.

No clue; but it is likely that local talent had a hand in the job, as professionals rarely use coupling-pins and car-links in lieu of sledge-hammers or jimmies.

Does It Pay To Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Roscoe's German Syrup." It not only heats and stimulates the tissues to destroy the germ disease, but allays inflammation causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by J. C. Pecor.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your doctors and grandmothers never thought of using anything else for indigestion or Bilelessness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by J. C. Pecor.
